

# 7am

## In-depth interviews WITH sharp analysis.

7am is a daily news podcast that dives into the biggest story of the day by unpacking the narrative surrounding it.

Each weekday 7am tells the news through in-depth, energetic interviews and sharp analysis, all in time for the morning commute. It presents new voices and new ways of telling stories; these are conversations you join.

7am takes a single story and unpacks it with Schwartz Media's award-winning team of journalists and contributors – scenes unfold, detail by detail. Aided by music and archival material, 7am brings together news and narrative to answer the big questions facing our country.

Running for 12 to 18 minutes, 7am gives listeners context, narrative and insight. It is idiosyncratic, accessible, inquisitive and trustworthy.
